THE CHIC

DREAMCATCHER PORTFOLIO

The CHIC Collection is a salute to modern European design. It elevates classical design and its rectangular shape with a series of well-designed steps along the right side that allows you to enjoy a comfortable swimming pool. One additional advantage is its flat bottom depth which many families enjoy for games and play activities. It has a width that allows for a more comfortable placement in homes that demand a more compact pool or for those looking for a specific landscape design.

AVIVA POOLS™

Length	Width	Shallow Depth	Deep Depth

The CHIC is available in one size offering a compact, classically designed swimming pool with a flat bottom that allows for fun and games. The width, at under 11 feet, allows it to be placed in homes that are more challenging for full size pools or for homeowners and designers who are looking for a size that provides the perfect nuance and charm within their outdoor living experience.

Measurements are from widest point on each side of outside edges and are provided as a guide. Please consult your AVIVA POOLS dealer for more detailed and most current information.

The CHIC is a compact, classically styled swimming pool that delivers on multiple levels. It has a crisp, clean look that has understated design brilliance. There are six steps along the right side entry area that are two feet in width and one foot in length. Together, they form a stylish stairway into an inviting, flat bottom pool.
